NOTICE

To all to whom it may concern.

YOU are hereby notified that the direct tax of the United States for 1815 has become due and payable; and that attendance will be given to receive the same at the different places as advertised through the different counties of the district. And that correct copies of the tax lists remain with the principal assessor of this collection district, open to the inspection of any person who may apply to inspect the same.

You are further notified, that the duties on household furniture, and on gold and silver watches, have also become due, and that attendance will be given at the foregoing times and places to receive the same.

Gold, silver, treasury notes and notes on the Bank of Kentucky and its Branches, and on the Kentucky Insurance Company will be received in the payment of taxes.

I will attend personally at Mountsterling on the first Monday, Tuesday and Wednesday in April, July and October—and on the three succeeding days in each of those months at Winchester for doing business with Distillers, Retailers and Manufacturers; and at all other times at my office.

GEORGE W. BOTTS,
Collector U. S. Revenue for the first Collection District of Kentucky.

VALUABLE PROPERTY

FOR SALE.

THE subscriber will sell, or lease for a number of years, a very valuable

Brick House & Lot,

in the town of MOUNTSTERLING, the seat of justice for the County of Montgomery, (Ky.) This House is situated on Main Street, on a corner of the public square. The Lot has a front on Main Street of 50 feet, and 190 feet on the public square. The house is 50 feet by 36, two stories high, has an excellent stone cellar containing three apartments, in one of which there is a fire place. On the first floor there are three rooms and four fire places, and a passage 12 feet broad running entirely thro' the house. The second story contains six rooms and four fire places; there are also two large rooms in the garret. The walls and inside work are both neatly and substantially finished; there is also a large Brick Kitchen, and a one and a half story Log House between the kitchen and the main building, which is well suited for a family lodging—on this lot stands a large log stable filled with stalls.—To this establishment is attached the inestimable convenience of a never failing stream of good cool water conveyed by pipes within three steps of the kitchen door, which yields an abundance both for the house and stable—this water can with but a trifling expence be conveyed into any room in the first story two feet from the floor, or over any part of the lot where it might be convenient. This house was built for a Tavern; it has a large dining room below and an elegant ball room above; the place is well situated for keeping a house of entertainment, and he who would turn his attention that way would find it extremely lucrative.

The town of Mountsterling lies on the main road from Frankfort to the Federal City—it contains ten retail stores, several factories of cotton and wool, good substantial public buildings, two churches, a large and elegant brick academy which is now in a flourishing condition—its population at this time is between four and five hundred inhabitants, and is rapidly improving—the country around it is exceeded by none in fertility of soil—the farmers are generally wealthy. In 3½ miles of this place there is in operation the best salt works in all the western country; within 14 miles of it there are three forges of iron and two casting furnaces. In fine the local advantages of this place are inferior to no inland town in Kentucky. To those who may wish to purchase property here the prospects are highly flattering.

The above property will be offered for sale on the 4th day of April 1816.

At the same time there will be sold from twenty to thirty BUILDING LOTS, lying partly on High Street and partly on Main Cross Street, convenient to good water.

Also, one LOT of four acres on Water-street, opposite Ficklin's tan yard; it would make an excellent Brick yard; there is situated on it a good spring and a fine stone quarry.

The terms of sale will be as follows:—A part of the purchase money for the House will be required in hand, and a credit will be given on the balance. Some of the building Lots will be sold for cash in hand, others upon different credits. The different terms of sale on all the above property will be proclaimed by the auctioneer on the day of sale, which will commence at 10 o'clock A. M.

To the Citizens of Clark County.

THE subscribers have received from the President and Directors of the State Bank, books for the purpose of receiving subscriptions for Bank Stock, in order to establish a Branch Bank in Winchester, with a capital of two hundred thousand dollars, one hundred thousand of which to be subscribed by the citizens which will be divided into shares of one hundred dollars each. The establishment of a Bank in Winchester will, no doubt, contribute very essentially to the convenience of the citizens of this, as well as of the adjoining counties—it will enable the purchasers of produce to make punctual payments—it will also be a safe and profitable place of deposit for those who have money to put out. By the last dividend declared on the part of the State Bank for the last six months, it will be seen that the share-holders are to receive six per cent. which is equal to twelve per cent. per annum; we have, therefore, no hesitation in believing that when an establishment of this kind is made, and the advantages resulting from it properly appreciated, the farmers, the mechanics, the manufacturers, and the merchants, will aid in the disposition of the stock for the establishment of the Bank.

Those who are disposed to subscribe will apply at the store of WILLIAM POSTON, where a book is left for the purpose of receiving subscriptions.

☞ Swindlers. ☜

TWO men by the name of Thomas and William Greenwood, who resorted this place for several months and contracted debts to a considerable amount, and then absconded, leaving no compensation to their creditors.

Previous to their departure, in order to deceive the people and give them a better opportunity of escaping from their creditors without suspicion, the said Thomas Greenwood married a wife in Lancaster—moved her to this place—remained with her two or three days and then returned to Lancaster—disposed of all the property that he could get hold of belonging to her in Lancaster, and finding that he could not sell her house and lot, he rented it for two years, and got his pay in advance, and then absconded, leaving his wife among strangers, and destitute of a home, and took along with him, as it appears, a girl with a child, with whom he has cohabited as husband and wife. William left this place a few days afterwards and took along with him a woman who had left her husband, on his account, a few days previous to his departure. It appears from the conduct of these two fellows, until a few days before their leaving this place, that they are complete adepts in the art of swindling. A pocket book has been found belonging to William Greenwood, containing notes of hand to the amount of about three thousand dollars, which, by information from the persons on whom they have been drawn, have all been forged; this is supposed to have been dropped in order to prevent a pursuit. It is probable they may change their names. They are of a tolerable stature, light complexion, light hair, went away from here well clothed, as their clothing has been, as yet, no expense to them. William has an impediment in his speech, and one of his upper fore teeth is rotted out, and Thomas has a ringworm on his upper lip. They were frequently talking of having a quantity of salt to sell, and being concerned in that business at the Kanhaway Licks. Any person having any knowledge where they are and will give information of them, will confer an obligation on the subscribers, to whom they are considersbly indebted.
