**NOTICE**

IS HEREBY GIVEN.

That an act of Congress passed 26th of April, 1816, repealing a part of the act of January 9th, 1815, under which I have recently acted;—that I have received other and further instructions from the Hon. SAMUEL H. SMITH, Commissioner of the Revenue;—and that I will attend in person or by deputy at Winchester, in Clarke county, on Monday 15th July—at Erwin, in Fstall county, on Wednesday 17th July—at Mountsterling, in Montgomery county, on Friday 19th July—at Owingsville, in Bath county, on Saturday 20th July—at Flemingsburg, in Fleming county, on Monday 22d July—at Greenup court house, on Thursday 25th July—at Floyd court house, on Monday 29th July—for the purpose of receiving any information that may be furnished as to the changes which may have taken place in the assessable property of individuals since the last assessment made under the act of January 9th, 1815, and previous to the 1st of June 1816, which information must be given in writing under the signature of the person whose tax may be affected thereby. These changes extend to

1. Assessable property omitted to be assessed at the preceding assessment, and property that has ceased to be exempted from assessment, such as property belonging to the United States, or a state or otherwise exempted, which on its transfer becomes assessable. All this property is now to be assessed. But no alteration is to be made in the previous valuation of real estate in virtue of any improvement thereon.
2. Transfers of real estate and slaves, according to which an abatement in the enumerations and valuations of the person transferring them will be made, and a correspondent increase in the enumerations and valuations of the person to whom the transfer may be made.
3. Changes of residents and non-residents. These changes will merely require a transfer from the lists of residents to that of non-residents, or vice versa, as the case may be, of the property in the ownership or agency of which such a change has occurred.
4. The burning or destruction of houses or other fixed improvements of real estate, for which an abatement equal to the injury arising from these causes is to be made.
5. The exemption of property that has ceased to be assessable for which also an abatement equal to its value is to be made.
6. Slaves that have been born, or have died, or have run away or have otherwise become useless since the preceding assessment. In these cases changes in the preceding valuations are only to be made where the tax chargeable to any person for slaves would be diminished by the valuation on the first day of June of all those (excepting such as have been obtained by transfer) then owned by such person, and the reduction in the valuation in such event is to be equal to the difference between the valuation of those owned at the preceding assessment and the existing value of those owned on the 1st of June 1816, and an abatement equal to such reduction to be made.

The whole of these changes are to be relative to the first of June; and in all of them the rates of the valuations made under the act of January 9, 1815, are, as near as may be, to be maintained; excepting in two cases, one were a partial alienation of real estate shall occur, in which case as the tax, as fixed agreeable to the preceding assessment, is to be apportioned among the several parts, according to their respective values on the 1st of June, the proportional valuation (according to the preceding valuation) at that time of the part alienated, and of the remainder of the property, should be stated: the other respecting slaves (other than such as are transferred within the same collection district) which are to be valued according to their existing value, and slaves that have been born, or have died, or have run away, or have otherwise become useless since the preceding assessment, in which case the course above stated is to be pursued.

Any person becoming the owner of a slave by transfer to him from a collection district other than that in which he resides is required, under the penalty of ten dollars, or tender as aforesaid a statement specifying the age and sex of such slave, who is to be valued according to his or her existing value. In all cases in which such information of a change in assessable property of any person, according to the preceding assessment, shall not be so received, such person and property will continue liable to the whole tax chargeably thereon agreeably to that assessment.

AND NOTICE is further hereby given, that I will attend, in person, or by deputy, at Winchester, in Clarke county, on Friday 9th August—at Mount Sterling, Montgomery county, on Saturday 10th August—at Erwin, in Estill county, on Monday 12th August—at Owingsville, Bath county, on Thursday 15th August—at Flemingsburg, in Fleming county, on Saturday 17th August—at Greenup court house, on Tuesday 20th August—and at Floyd court house, on Saturday 24th August—for the purpose of receiving any appeals that may be made in writing as to the revised enumerations and valuations made in virtue of such changes; which will be open to the inspection of any person who may apply to inspect the same, and a statement of which will be previously made, and delivered to each person affected thereby, or be put in the mail, addressed to him or her, and directed to the post-office nearest to the abode of such person agreeably to my best information, except in case of persons not residing within this collection district.

In the statements furnished by individuals it will be necessary to specify with precision the property of an individual as it existed at the time of the preceding assessment, the assessable property omitted then to be assessed, and its value, the transfers of real estate and slaves (stating the names and residence of persons to whom transferred) and their value, the changes of residents and non-residents with their names and residence, and the value of the property, the burning or destruction of houses or other fixed improvements of real estate, with their value, property that has become exempt from taxation and its value, stating the ground on which the exemption is claimed, and the state laws by which it is permanently or specially exempted, & where an abatement is claimed for slaves that have died, or have run away, or have otherwise become useless since the preceding assessment, the statement must give a list of all the slaves with their sex and ages (excepting those obtained by transfer) owned by the individual, valued according to their value on the 1st June, 1816, which value must be less than that of the valuation of his slaves at the preceding assessment to entitle him to an abatement. In all these cases there must be such a specification and description of the property, as it stands on the 1st of June, 1816, and as it stood at the preceding assessment, as will enable the principal assessor to make proper deductions in cases where they may be rightfully claimed, and proper charges where they are incurred.

To aid in attaining this precision, the following form is annexed, being that required in the original assessment, and which, as near as may be, may serve as a model in drawing out the statements now required from individuals.

These licenses will be granted for a year, except in case of an application for a license to retail between the 30th day of June and the 1st of January next, which will be granted for a period that will expire on the 31st of December next, on paying a sum which shall bear the same proportion to the duty for a year, according to the existing rates, as the time for which the license may be granted, shall bear to a year.
2. That the duties on spirits distilled within the United States, will cease after the 30th of June, 1816, to which period returns must be made of the spirits that may be distilled on or before that day.

The provisions applicable to the duties on licenses to distillers, are, in general, the same with those laid by the act of July 24, 1813.—The most important of the new provisions are—that the duty is invariably to be paid in money, when that payable upon the still or stills, or boilers, licensed at any one time, does not exceed twenty dollars; that a deduction of 8 per centum is, in all cases, to be made for prompt payment; that in cases where the duties are bonded, they are to be given with two sureties at the least (instead of one as heretofore) and are to be paid at the end of twelve months, from the expiration of the license; that all stills are to be licensed, that are used, or kept in a situation for use; that a penalty lies against any person who shall keep in or about his distillery, any beer, or other liquor, prepared from grain, for the purpose of distillation, for more than eight days, without having a license; that a Collector is authorized to enter a distillery at any time, whether between the rising and setting of the sun, or at any other time.

In cases in which a license for distilling, shall have been granted, according to the present rates of duty, for a period extending beyond the 30th day of June, 1816, it is required, under a penalty for neglect, that the person to whom the same may have been granted or transferred, shall, on or before the said day, apply to the Collector, and pay, or secure the payment of, the additional duty, according to the new rates, for the unexpired period of the license from the 30th of June.

New forms for bonds, will be prepared by the collectors and furnished to distillers on application.
